SIMPLICITY

3. Find x .

Here it is

“A leader says, ‘There
ought to be a better way
to do this.’”

Sidney Harris

Zero Hour

1st hour

2nd hour

3rd hour

4th hour

5th hour

6th hour

7th hour

Intervention/ Credit Recovery

- Provide students with review that matches skills expected by teachers in the classroom
- Show on a test of the objectives that the student has mastered the objectives to an acceptable level

Intervention/ Credit Recovery

- Have system so a student can immediately access intervention to retain credit before it is lost
- If a student needs credit recovery, can focus on areas that they were not successful.

When does this happen?

- Intervention occurs on student time
- Home, before school, lunchtime, or after school
- Test taken at scheduled time
- Zero hour, seventh hour, or Summer School
- Credit Recovery students are scheduled

Coordination

- Create assignments for students
- Monitor student progress
- Monitor creation of unit packets
- Contact person for parents
- Promotion of Credit Recovery

Mathematics

- Credit (Must Meet)
- Pass all Unit Test with 70% or higher
- Grade
- Calculation of Tests, Quizzes, Homework, Classwork, etc
- Awarded to student if meets credit requirement.

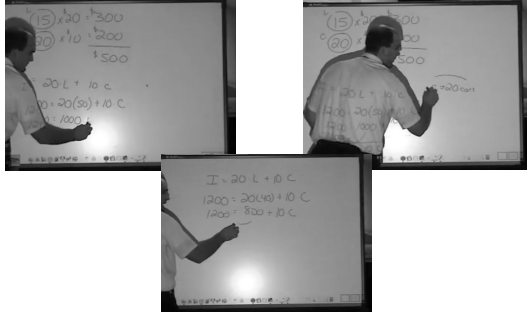

Mathematics

- 9th Grade: 6 Unit Tests
- 10th Grade: 6 Unit Tests
- 11th Grade: 8 Unit Tests

Mathematics

- Unit Tests become the basis of the following:
 - Data Analysis for meeting benchmarks
 - Interventions for students retaining credit
 - Credit Recovery
 - Testing out
 - Co-teaching Plan for Special Education

Mathematics Intervention

Mathematics Credit Recovery

- Students prepare and retest on Units scored below 70%
- Awarded grade earned during semester
- CR given if semester grade was E

Mathematics Testing Out

- Students receive packets to prepare for test
- Students must receive 70% or higher on each unit test
- Awarded credit once completed all tests

Mathematic Co-teaching

- Objectives provided to co-teacher, along with prerequisites
- Accommodations are planned to make objectives appropriate for students, but keep the integrity of the objective
- Unit tests split and given in smaller chunks
- Scores combined and must be 70% or above

Expansion

Science/Social Studies Intervention

- Students provided with review material
 - Textbook support not used in class
 - NovaNet modules
 - Learn 360 videos
- Students take retest and it is averaged with original test

Science/Social Studies Credit Recovery

- Students complete review and retest on Chapters they failed test
- Pass tests and awarded CR for the semester

Language Arts Credit Recovery

- Grammar Unit (NovaNet)
- Writing Unit (Rubric)
- Units to match classes (Novel, Short Story, Poetry, etc.)
- Test given at the end of each unit

Does It Work?

- Mathematics 2007-2008
 - 198 retest taken last year
 - 49 during credit recovery
 - 149 intervention (student time)
 - 191 re-tests passed with 70% or higher

2008-2009

- To date: 83 Re-tests attempted
- 78 Re-tests scored above passing
